The Great Aloha Run Hickam family stroller fest

Hickam families render the Great Aloha Run a family affair giving new meaning to the race with compassionate love.

The President’s Day, 8.15 mile GAR begins at Aloha Tower with more than 20,000 runners from all over the world and finishes in the Aloha Stadium.

For three families of runners, it seemed natural for them to include their kids once they were born.

“Our children have been our inspiration, because Payton is always pushing us and telling us to go faster,” said Tech. Sgt. Brad Green, 15th Maintenance Squadron. “He ran a mile himself at fourteen months.”

Sergeant Green shaved his head for his son Payton battling Leukemia, who will lose his hair soon.

For the Green family, both husband and wife have always been runners.

“I train through squadron PT, she does it at home,” said Sergeant Green. “Then we get together as a family once a week to go on a long run.”

Amanda Green squeezes in her training on the treadmill during her husband’s lunch break.

“We started a relay for life team, Team MXG in honor of Payton,” said Sergeant Green. “We are the number one fundraising team right now.”

“If anyone would want to go to our site, they can either click on Brad’s name because he is the second top fundraiser person or you can click on MXG for the top fundraising team,” said Ms. Green. (<http://www.kintera.org/faf/home/default.asp?ievent=134352>)

For Senior Airmen Beau Taylor, 34th Intelligence Squadron, it has always been a family thing to run together.

“We had a single stroller for Abigail and then a double one [for Everette],” said Saundra Taylor. “As a family, the farthest we’ve done is the run in Texas, that was eight miles. This will be our longest race

here in Hawaii.”

Lt. Col. Amanda Preble, 17th Operational Weather Squadron, and her family have covered many miles together.

“We’ve been running with our daughter since she was conceived,” said Colonel Preble. “She has done every race here on the island we’ve done except for the marathons. Marathons are just too long to take her in.”

The longest Colonel Preble has run with her daughter Grace is 30k a couple of times.

“She likes the 5k, the 10k, she’ll go any distance,” said Colonel Preble. “She cheers when we go to races and she’s the first ready to go. When we tell Grace we are going running, she is the first person

out the door.” According to her parents, Grace looks at them with a face that says, what takes you so long?

“When we start to run, she always calls out, ‘Ready, set, go!’ and if we tell her we are going to run a race, we get a ‘yippee, we are going to race!’” said Colonel Preble.

Colonel Preble has been instrumental in coordinating a group to compete in the GAR and a group that trains together on Saturdays.

“I had gotten half of my unit to sign up for the GAR,” said Colonel Preble. “A lot of the people who signed up had never been that far. They had never run more than two or three miles in their life.”

To help the runners prepare for the eight

miles and not hurt themselves, Colonel Preble and her husband decided to head up Saturday morning running sessions.

“To get them to run further and further each weekend,” said Colonel Preble. “What started out to be something to train my guys spread to the rest of the squadron.”

Then they were asked if they didn’t mind to open it up to anyone that wanted to come.

“We said sure, figuring whoever wanted to show up on Saturday morning to run with us was welcome,” said Colonel Preble.

From that moment on Saturday morning runs became a Team Hickam family affair in preparation for the GAR.
